Subject RE: EPA Administrator Visit to Dillingham - Pebble Listening
Session July 28th, 2010

Tami,

I plan to be in Dillingham tomorrow for the meetings with the EPA. I realize your team is in Bethel today but I am hoping to schedule some face time with Administrator Jackson and Administrator McLerran. Of course Marcia Combes would be a welcome addition.

If you receive this message before tomorrow's trip to Dillingham, I would appreciate 10 or 15 minutes of their time to talk about BBNC's opposing position on the Pebble Mine project. As a land owner of 3 million acres of sub-surface estate in Bristol Bay, our position of opposition much like our mission statement, is unique. Thanks for your consideration.

Jason
